

# OCCUPATIONAL HEALTH AND SAFETY POLICY

addimentum

Addimentum S.A.S manufactures chemical additives for food production and is committed to protecting the health of workers and ensuring safety in processes. We develop, implement, and continuously improve an occupational health and safety management system that minimizes risks, prevents accidents, and addresses occupational illnesses. This is achieved through systematic tools for identifying hazards, assessing, and controlling risks inherent in activities, products, and raw materials. We also promote healthy lifestyles and adhere to current legal regulations.
